

Adopt-a-Room Event

The Women's Center is seeking individuals and organizations who are willing to refurbish a shelter bedroom with items such as: bed linens, comforters, pillows, alarm clocks, table lamps and throw rugs.

The purpose of the project is to make shelter rooms more home like and comfortable for victims who must leave their home to escape violence.

Color and design choices, that fit our overall scheme, will be left to you or your organization.

For more information on this event, please contact Ann at (570) 784-6631.
